ATTENTION : Chief, Special Contracting & Procurement Staff, TSSG
SUBJECT : Additional Funding for Time and Materials Contract

X1
X1
1. It is requested that [] of FY-70 funds be added to T&M contract []. These funds would raise the authorized cost ceiling on this contract [].

2. The additional funds are required to cover the anticipated costs of a modification to the electronics console associated with a [] 80 comparator. The modification (described in [] proposal P-376) will allow the comparator operator to make a series of measurements without having to change the controls on the console after each pointing. This modification should improve the efficiency of the operator.

3. It is requested that the [] be added to the current contract ceiling as soon as possible to allow for the completion of the task before the end of the fiscal year.
